Telephone: 020 7811 2700

September 2022

FOI\_5528

The following information was requested on 16 August 2022:

*I would like to know -*

*The amount each NHS has paid out in negligence claims over the last ten years (1 April 2011 to 31st March 2022), per year,*

*and in each of the above case whether the claim related to a) death of a mother b) death of a baby c) still birth or d) a baby born with brain damage or cerebral palsy.*

### Our Response

Thank you for your request for information.

We have provided information in respect of the Specialty: **Obstetrics**.

Please note claims notified/received and open are not guaranteed to be settled and/or closed in the same year and can take many years to be concluded. Claims notified/received in any given year will often relate to incidents that have occurred many years prior. Due to the nature of clinical negligence claims and the level of investigation needed to bring them to a resolution, claims received and notified in a specific year may take years to settle.

**Table 1 shows:-** Broken down by member Trusts with 5 or more claims: number and cost of **Obstetrics** claims closed (or settled with a PPO) between financial years 2011/2012 and 2021/22 with damages paid (includes the damages paid to date for any claims settled on a periodical payment order basis).

The information disclosed includes damages paid out in the relevant period under Periodical payment orders (PPO) previously agreed on cases, which may have been resolved several years ago. It does not include sums, which have been committed on settlements in the relevant period under a PPO, which may not be paid out until future years. PPOs are an agreement between the parties, to pay an initial lump sum and regular future payments covering the injured party's ongoing care needs, usually for life

i.e. a percentage of the full value of the claim is paid at the point of settlement with the balance paid at regular intervals over subsequent years.

Claims recorded against the Department of Health and Social Care (showing as Department of Health) are liabilities arising from defunct NHS organisations, which transferred to the Secretary of State for Health and Social Care when those organisations were abolished.

**Table 2 shows:-** Broken down by member Trusts, number of Obstetrics claims closed (or settled with a PPO) between financial years 2011/2012 and 2021/22, with damages paid and primary injury codes: Cerebral Palsy/Brain Damage, Fatality or Still birth.

**Table 3 shows:-** Broken down by member trusts, number of Obstetric claims closed between financial years 2011/12 and 2021/22 where the primary injury is Fatality split by mother and baby (based on age at incident date) with damages paid.

### **Low Numbers**

We have suppressed low figures (and we have not provided the names of Trusts with fewer than 5 claims), as we believe that disclosure of information with this level of granularity is exempt under Section 40(2) by virtue of section 40(3A)(a) of the FOI Act, where disclosure to a member of the public would contravene one or more of the data protection principles. The data protection principles are set out in Article 5 of the General Data Protection Regulation. We take the view that it would not be fair or lawful (given the sensitive and confidential nature of the information held) to disclose such information, and any disclosure would therefore contravene the first data protection principle.

In some instances the low numbers of claims (fewer than 5) in each category, the likelihood exists that individuals who are the subject of this information may be identified either from this information alone, or in combination with other available information. In addition to this, as this information is considered to be sensitive personal data (the data subjects' medical condition); NHS Resolution believes it has a greater responsibility to protect those individuals identities', as disclosure could potentially cause damage and/or distress to those involved. Where we are in the territory of such small numbers in the attached, we have used a '#' symbol in the relevant field. You should still be able to see aggregate/total details for higher level fields containing this data.

If you would like to know how data is categorised in our Claims database please see the following link: [Glossary](#)

**This concludes our response to your request.**

If you are not satisfied with the service that you have received in response to your information request, it is open to you to make a complaint and request a formal review of our decisions. If you choose to do this, you should write to [Tinku Mitra](#), Deputy Director of Corporate and Information Governance, Data Protection Officer for NHS Resolution, within 28 days of your receipt of this reply. Reviews of decisions made in relation to information requests are carried out by a person who was not involved in the original decision-making about the request.

If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a review of the decision. Generally, the Information Commissioner will not make a decision unless you have exhausted the local complaints procedure. The address of the Information Commissioner's Office is:

Wycliffe House  
Water Lane  
Wilmslow  
Cheshire  
SK9 5AF
