FOI\_7349

The following information was requested on 27 July 2025:

*I am writing to make a formal request under the Freedom of Information Act 2000 for information regarding your organisation's procurement activities and current contracts.*

## **Information Requested:**

### **1. Current Procurement Opportunities**

- *Details of any ongoing procurement exercises or tenders currently open or planned to commence within the next 12 months*
- *Estimated contract values and duration*
- *Key procurement contact details*

### **2. Existing Contract Information**

- *List of major contracts (over £50,000 annual value) due for renewal or review in the next 24 months*
- *Contract end dates and review periods*
- *Primary contract categories*

*Scope: Please provide information covering the period from [current date] to [24 months forward];*

## **Our Response**

### **1. Current procurement opportunities:**

- Notices about opportunities over a set threshold can be found on the following website. Please search for "NHS Resolution" (including the speech marks):  
<https://www.find-tender.service.gov.uk/Search/>.
- The contact details for all our contracts are: NHSR Procurement and Contracts Team [nhsr.procurement@nhs.net](mailto:nhsr.procurement@nhs.net)

### **2. Please, find attached NHS Resolution's list of major contracts (over £50,000 annual value) due for renewal or review in the next 24 months. Please note, we have redacted some parts of the information within the attached which we are unable to disclose on the grounds of security. Please see our refusal notice below for an explanation why we have applied the exemption.**

## **Refusal notice**

NHS Resolution is unable to disclose some of the information requested as this information is considered to be exempt from disclosure under:

### **Section 31 of the Freedom of Information Act 2000 – Law Enforcement**

31(1) Information which is not exempt information by virtue of section 30 is exempt information if its disclosure under this Act would, or would be likely to, prejudice:

- a) the prevention or detection of crime.

We consider that disclosing the manufacturer of some of our software Provider would be likely to materially increase the risk of successful attempts to hack our network. The information could be used by any person in the world (as is the nature of a disclosure under FOIA) particularly in conjunction with other information about our systems, to plan or prepare more sophisticated attacks.

### **Public Interest Test (PIT)**

#### *Public Interest considerations in disclosing the information*

There is a general public interest in openness and transparency in public sector bodies which can help to maintain public trust. We recognise that there is a legitimate interest in knowing what systems we utilise, which helps to promote public confidence that the organisation maintains high levels of security.

#### *Public interest considerations in favour of maintaining the exemption*

NHS Resolution recognises its duty to protect personal data and confidential information held on our systems, as disclosure will, in our opinion, weaken our ability to protect our stakeholders and perform our functions.

Disclosing the withheld information would mean releasing details about our systems and their security into the public domain. This could make the information accessible to criminals, by enhancing criminals' abilities to carry out cyber-attacks. It also follows that a risk to our systems will also constitute a risk to both the general public and NHS Resolution staff whose information we hold.

By withholding this information, criminals will be prevented from exploiting such information in order to target our systems or individuals.

### **Balance of Public Interest Test**

NHS Resolution acknowledges that there is an interest in the public knowing that the organisation has adequate levels of protection in place for its IT systems, to ensure that

we mitigate any risks befalling our systems on which we rely to run the organisation. We believe that ensuring the safety of our systems is paramount and on the balance of the PIT, we believe that there would be a clear causative link in disclosing some of the information you have requested which could expose the organisation to the risk of crime and subsequently endanger or cause harm to those whose data we hold.

NHS Resolution therefore believes that the greater public interest is in withholding this information.

**This concludes our response to your request.**

If you are not satisfied with the service that you have received in response to your information request, it is open to you to make a complaint and request a formal review of our decisions. If you choose to do this, you should write to [Joanne Appleby](#), Deputy Data Protection Officer for NHS Resolution, within 28 days of your receipt of this reply. Reviews of decisions made in relation to information requests are carried out by a person who was not involved in the original decision-making about the request.

If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a review of the decision. Generally, the Information Commissioner will not make a decision unless you have exhausted the local complaints procedure. The address of the Information Commissioner's Office is:

Wycliffe House  
Water Lane  
Wilmslow  
Cheshire
